

The puzzle is a 10x10 grid with a thick vertical line at column 5 and a thick horizontal line at row 5. The grid is divided into four quadrants. Symbols and numbers are placed in various cells:

- Row 1:** Column 3 has a triangle pointing right (6); Column 4 has a triangle pointing right (12); Column 6 has a triangle pointing right (>); Column 7 has a triangle pointing down (v).
- Row 2:** Column 1 has a triangle pointing up (^); Column 2 has a triangle pointing left (<); Column 5 has an equals sign (=); Column 7 has a triangle pointing right (>).
- Row 3:** Column 2 has a triangle pointing down (v) (5); Column 4 has a vertical bar (||); Column 5 has a vertical bar (||); Column 6 has a vertical bar (||) (17).
- Row 4:** Column 1 has a triangle pointing up (^) (16); Column 3 has a triangle pointing down (v); Column 4 has a triangle pointing down (v); Column 5 has a triangle pointing down (v) (20); Column 7 has a triangle pointing down (v) (5).
- Row 5:** Column 2 has a vertical bar (||); Column 3 has a triangle pointing up (^); Column 4 has a triangle pointing right (>); Column 6 has a triangle pointing right (>) (21).
- Row 6:** Column 4 has a vertical bar (||); Column 5 has a vertical bar (||) (15); Column 6 has an equals sign (=); Column 7 has a triangle pointing up (^) (7); Column 8 has a triangle pointing up (^) (21).
- Row 7:** Column 2 has a triangle pointing left (<); Column 3 has a vertical bar (||); Column 4 has a vertical bar (||); Column 5 has a triangle pointing down (v); Column 6 has a vertical bar (||); Column 7 has a triangle pointing down (v).
- Row 8:** Column 1 has an equals sign (=); Column 2 has a triangle pointing down (v); Column 3 has a triangle pointing right (>); Column 4 has a vertical bar (||); Column 5 has a vertical bar (||); Column 6 has a vertical bar (||); Column 7 has a vertical bar (||); Column 8 has a vertical bar (||).
- Row 9:** Column 2 has a triangle pointing down (v) (7); Column 3 has a triangle pointing down (v); Column 4 has a triangle pointing down (v) (7); Column 5 has a triangle pointing down (v); Column 6 has a triangle pointing down (v); Column 7 has a triangle pointing down (v); Column 8 has a triangle pointing down (v); Column 9 has a triangle pointing down (v).
